**SEC. 706. ADVERTISING FOR BIDS FOR CHARTERS;

Each and every advertisement for bids to charter the Department of Transportation's vessels shall state the number, type, and tonnage of the vessels the Secretary of Transportation is offering for bare-boat charter for operation as a steamship line on a designated trade route, the minimum number of sailings that will be required, the length of time for which the charter will be given, and all other information the Secretary of Transportation shall deem necessary for the information of prospective bidders.

(b) The Secretary of Transportation shall have authority to, and shall announce in his advertisements for bids that the Secretary of Transportation reserves the right to, reject any and all bids submitted. The Secretary of Transportation shall reject any bid for the charter (under sections 701 to 713, both inclusive, of this title, as amended) of any vessel constructed under the provisions of this Act, as amended, if the charter hire offered by the bidder is lower than the minimum charter hire for such vessel would be if chartered under the provisions of section 714, as amended, of this title.

SEC. 707. AWARDING CHARTER ON BIDS (46 App. U.S.C. 1197 (2002)).

(a) **Highest bid.** The Secretary of Transportation shall award the charter to the bidder proposing to pay the highest monthly charter hire unless the Secretary of Transportation shall reject such bid for the reasons set forth in subsection (b) of this section.

(b) **Rejection of highest bid.** The Secretary of Transportation may reject the highest or most advantageous or any other bid, if, in the Secretary's discretion, the charter hire offered is deemed too low, or the Secretary of Transportation determines that the bidder lacks sufficient capital, credit, or experience to operate successfully the line; but the reason or reasons for rejection of any bid upon request of the bidder, shall be stated to such bidder in writing.

(c) **Next highest bid; rejection of all bids and readvertisement.** If the highest bid is rejected, the Secretary of Transportation may award the charter to the next highest bidder, or may reject all bids and readvertise the line: Provided, however, That the Secretary of Transportation may operate the line until conditions appear to be more favorable for a reoffering of the line for private charter.

SEC. 708. PAYMENT OF SUBSIDIES TO CHARTERERS (46 App. U.S.C. 1198 (2002)). The Secretary of Transportation may, if in his discretion financial aid is deemed necessary, enter into a contract with any charterer of its vessels for payment to such charterer of an operating-differential subsidy upon the same terms and conditions and subject to the same limitations and restrictions, where applicable, as are elsewhere provided in this Act with respect to payments of such subsidies to operators of privately owned vessels.

SEC. 709. EXCESS PROFIT; PAYMENT TO SECRETARY; FORMULA FOR DETERMINING PROFIT (46 App. U.S.C. 1199 (2002)).

(a) Every charter made by the Secretary of Transportation pursuant to the provisions of this title shall provide that whenever, at the end of any calendar year subsequent to the execution of such charter, the cumulative net voyage profits (after payment of the charter hire reserved in the charter and payment of the charter's fair and reasonable overhead expenses applicable to operation of the chartered vessels) shall exceed 10 per centum per annum on the charterer's capital necessarily employed in the business of such chartered vessels, the charterer shall pay over to the Secretary of Transportation as additional charter hire, one-half of such cumulative net voyage profit in excess of 10 per centum per annum: Provided, That the cumulative net profit so accounted for shall not be included in any calculation of cumulative net profit in subsequent years.

(b) Every charter shall contain a definition of the terms "net voyage profit" and "fair and reasonable overhead expenses", and "capital necessarily employed", as said terms are used in subsection (a) of this section, setting forth the formula for determining such profit and overhead expense and capital necessarily employed, which definitions shall have been previously approved by the Secretary of Transportation and published in the advertisement for bids for such charter.

SEC. 710. UNDERTAKING REQUIRED OF CHARTERER (46 App. U.S.C. 1200 (2002)). Every charterer of the Secretary of Transportation's vessels shall be required to deposit with the Secretary of Transportation an undertaking with approved sureties as security for the faithful performance of all of the conditions of the charter, including indemnity against liens on the chartered vessels, in such amount as the Secretary of Transportation shall require.

SEC. 711. TERMS AND CONDITIONS OF CHARTERS (46 App. U.S.C. 1201 (2002)). The charters to be made by the

Secretary of Transportation pursuant to the provisions of this title shall demise the vessels to the charterer subject to all usual conditions contained in bareboat charters, and until January 1, 1940, shall be for terms of three years or less as the Secretary of Transportation may decide: Provided, That after January 1, 1940, charters may be executed by the Secretary of Transportation for such terms as the experience gained by the Secretary of Transportation shall indicate are to the best interests of the United States and the merchant marine.

SEC. 712. INSURANCE REQUIREMENTS; REPAIRS; INSPECTION BY SECRETARY; TERMINATION OF CHARTER IN NATIONAL EMERGENCY (46 App. U.S.C. 1202 (2002)). Every charter shall provide—

(a) That the charterer shall carry on the chartered vessels, at his own expense, policies of insurance covering all marine and port risks, protection and indemnity risks, and all other hazards and liabilities, in such amounts, in such form, and in such insurance companies as the Secretary of Transportation shall require and approve, adequate to cover all damages claimed against and losses sustained by the chartered vessels arising during the life of the charter: Provided, That in accordance with existing law, some or all of such insurance risks may be underwritten by the Secretary of Transportation himself as in his discretion he may determine.

(b) That the charterer shall at its own expense keep the chartered vessel in good state of repair and in efficient operating condition and shall at its own expense make any and all repairs as may be required by the Secretary of Transportation.

(c) That the Secretary of Transportation shall have the right to inspect the vessel at any and all times to ascertain its condition.

(d) That whenever the President shall proclaim that the security of the national defense makes it advisable, or during any national emergency declared by proclamation of the President, the Secretary of Transportation may terminate the charter without cost to the United States upon such notice to the charterers as the President shall determine.

SEC. 713. FINANCIAL RESOURCES AND OTHER FACTORS CONSIDERED IN AWARDING CHARTERS (46 App. U.S.C. 1203 (2002)). In the awarding of charters, the Secretary of Transportation shall take in consideration the charter's financial resources and credit standing, practical experience in the operation of vessels, and any other factors that would be considered by a prudent businessman in entering into a transaction involving a large

investment of his capital; and the Secretary of Transportation is directed to refrain from chartering the Department of Transportation's vessels to any person appearing to lack sufficient capital, credit, and experience to operate successfully the vessel over the period covered by the charter.

SEC. 714.³³ CONSTRUCTION AND CHARTERING OF VESSELS FOR UNSUCCESSFUL ROUTES; PURCHASE OF VESSEL BY CHARTERER; PURCHASE PRICE; OPERATION OF VESSEL IN FOREIGN TRADE (46 App. U.S.C. 1204 (2002)).

If the Secretary of Transportation shall find that any trade route (determined by the Secretary of Transportation to be an essential trade route as provided in section 211 of this Act) cannot be successfully developed and maintained and the Secretary of Transportation's replacement program cannot be achieved under private operation of such trade route by a citizen of the United States with vessels registered under the laws thereof, without further Government aid in addition to the financial aids authorized under titles V and VI of this Act, the Secretary of Transportation is authorized to have constructed, in private shipyards or in navy yards, the vessel or vessels of the types deemed necessary for such trade route, and to demise such new vessel or vessels on bare-boat charter to the American-flag operator established on such trade route, without advertisement or competition, upon an annual charter hire of not less than 4 per centum of the price (herein referred to as the "foreign cost") at which such vessel or vessels would be sold if constructed under Title V, plus an amount equal to (i) the sum of a percentage of the depreciated foreign cost computed annually upon the basis of a twenty-five year life of the vessel determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the term of the charter, adjusted to the nearest one-eighth of 1 per centum, plus (ii) an allowance adequate in the judgment of the Secretary of Transportation to cover administrative costs. Such charter may contain an option to the charterer to purchase such vessel or vessels from the Secretary of Transportation within five years after delivery thereof under the charter, upon the same terms and conditions as are provided in title V for the purchase of new vessels from the Secretary of Transportation, except that (a) the purchase price shall be the foreign cost less depreciation to the date of purchase based upon a twenty-five-year life; (b) the required cash payment payable at the time of such purchase shall be 25 per cen-

³³ See footnote 8, page 22, supra.

tum of the purchase price as so determined; (c) the charter may provide that all or any part of the charter hire paid in excess of the minimum charter hire provided for in this section may be credited against the cash payment payable at the time of such purchase; (d) the balance of the purchase price shall be paid within the years remaining of the twenty-five years after the date of delivery of the vessel under the charter and in approximately equal annual installments, except that the first of said installments which shall be payable upon the next ensuing anniversary date of such delivery under the charter, shall be a proportionate part of the annual installment, interest to be payable upon the unpaid balances from the date of purchase, at a rate not less than (i) a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans adjusted to the nearest one-eighth of 1 per centum, plus (ii) an allowance adequate in the judgment of the Secretary of Transportation to cover administrative costs.

Such charter shall provide for operation of the vessel exclusively in foreign trade, or on a round-the-world voyage, or on a round voyage from the west coast of the United States to a European port or ports which includes intercoastal ports of the United States, or a round voyage from the Atlantic coast of the United States to the Orient which includes intercoastal ports of the United States, or on a voyage in foreign trade on which the vessel may stop at the State of Hawaii, or an island possession or island Territory of the United States, and if the vessel is operated in the domestic trade of any of the above-enumerated services the charterer will pay annually to the Secretary of Transportation that proportion of one-twenty-fifth of the difference between the domestic and foreign cost of such vessel as the gross revenue derived from the domestic trade bears to the gross revenue derived from the entire voyages completed during the preceding year.

SEC. 715. EXPERIMENTAL OPERATION AND TESTING OF UNITED STATES VESSELS; NUMBER; BAREBOAT CHARTERS; REVIEW OF CHARTERS AND AGENCY AGREEMENTS; PROVISIONS APPLICABLE TO CHARTERS AND AGREEMENTS (46 App. U.S.C. 1205 (2002)).

The Secretary of Transportation, for the purpose of practical development, trial, and testing, is authorized without regard to other provisions of this title or other laws relating to chartering and general agency operations, to operate, under general agency agreements or bareboat charter, vessels owned by the United States (including any national defense reserve vessel) which have been constructed, reconditioned, or remodeled for experimental or testing purposes, in the foreign or domestic

trade of the United States or for use for the account of any agency or department of the United States, under such reasonable terms or conditions as the Secretary of Transportation determines to be necessary to carry out the objects of this Act: Provided, however, That not in excess of ten such vessels shall be operated and tested under the authority of this section in any one year. Bareboat charters entered into under this section shall be made at reasonable rates of charter and shall include such restrictions and conditions as the Secretary of Transportation determines to be necessary or appropriate to protect the public interest, including provisions for recapture of profits as provided for in section 709 of this Act, as amended. Charters and general agency agreements entered into under this section shall be reviewed annually for the purpose of determining whether conditions exist which would justify continuance of the charter or agreement. Those provisions of law prescribed or incorporated under the heading "vessel operations revolving fund"³⁴ in chapter VIII of the Third Supplemental Appropriation Act, 1951 (Public Law 45, Eighty-second Congress; 65 Stat. 52, 59); which relate to vessel operating activities of the Secretary of Transportation and to employment of seamen through general agents, shall be applicable in connection with charters and agreements entered into under this section.

³⁴ The Vessel Operations Revolving Fund is set out at page 305, infra.

Such determination shall be final. In computing the depreciated value of such vessel, depreciation shall be computed on each vessel on the schedule adopted by the Internal Revenue Service for income-tax purposes.

The foregoing provision respecting the requisition or the acquisition of ownership by the United States shall run with the title to such vessel or vessels and be binding on all owners thereof.

Every person, firm, or cor-

poration having any interest in such application shall be permitted to intervene and the Secretary of Transportation shall give a hearing to the applicant and the intervenors. The Secretary of Transportation shall not grant any such application if the Secretary of Transportation finds it will result in unfair competition to any person, firm, or corporation operating exclusively in the coastwise or intercoastal service or that it would be prejudicial to the objects and policy of this Act: Provided, That if such contractor or other person above-described or a predecessor in interest was in bona-fide operation as a common carrier by water in the domestic, intercoastal, or coastwise trade in 1935 over the route or routes or in the trade or trades for which application is made and has so operated since that time or if engaged in furnishing seasonal service only, was in bona-fide operation in 1935 during the season ordinarily covered by its operation, except in either event, as to interruptions of service over which the applicant or its predecessor in interest had no control, the Secretary of Transportation shall grant such permission without requiring further proof that public interest and convenience will be served by such operation, and without further proceedings as to the competition in such route or trade.

If such application be allowed, it shall be unlawful for any of the persons mentioned in this section to divert, directly or indirectly, any moneys, property, or other thing of value, used in foreign-trade operations, for which a subsidy is paid by the United States, into any such coastwise or intercoastal operations; and whosoever shall violate this provision shall be guilty of a misdemeanor.

(b) Contractor in Default Paying More Than Specified Salary.

Whenever any contractor under subtitle A of title VI or title VII receiving an operating-differential subsidy is in default with respect to any mortgage, note, purchase contract, or other obligation to the Secretary of Transportation, or has not maintained, in a manner satisfactory to the Secretary of Transportation, all of the reserves provided for in this Act, the Secretary of Transportation shall have the right to supervise the number and compensation of all officers and employees of the contractor.

(d) Employing Other Persons or Concerns as Managing or Operating Agent. It shall be unlawful, without express written consent of the Secretary of Transportation for any contractor holding a contract authorized under subtitle A of title VI or VII of this Act to employ any other person or concern as the managing or operating agent of such operator, or to charter any vessel, on which an operating-differential subsidy is to be paid, for operation by another person or concern, and if such charter is made, the person or concern operating the chartered vessel or vessels shall be subject to all the terms and provisions of this Act, including limitations of profits and salaries.

(f) **Penalty.** Any willful violation of any provision of this section shall constitute a breach of the contract or charter in force under this Act, and upon determining that such a violation has occurred the Secretary of Transportation may forthwith declare such contract or charter rescinded and any person willfully violating the provisions of this section shall be guilty of a misdemeanor.

Whoever knowingly and wilfully violates any order, rule, or regulation of the Federal Maritime Commission or the Secretary of Transportation made or issued in the exercise of the powers, duties, or functions transferred to it or him or vested in it or him by this Act, as amended, for which no penalty is otherwise expressly provided, shall upon conviction thereof be subject to a fine of not more than \$500. It shall be unlawful for any contractor receiving an operating-differential subsidy under title VI or for any charterer under title VII of this Act unjustly to discriminate in any manner so as to give preference directly or indirectly in respect to cargo in which such contractor or charterer has a direct or indirect ownership, or purchase or vending interest; and whosoever shall violate this provision shall be guilty of a misdemeanor.

SEC. 809. CONTRACTS DESIGNED EQUITABLY FOR ALL PORTS; MINIMUM ALLOCATION OF FUNDS; REPORT TO CONGRESS; PREFERENCE TO CITIZENS

OF UNITED STATES; REGIONAL OFFICES FOR MARITIME ADMINISTRATION (46 App. U.S.C. 1213 (2002)).

(a) Contracts under this Act shall be entered into so as to equitably serve, insofar as possible, the foreign-trade requirements of the Atlantic, Gulf, Great Lakes, and Pacific ports of the United States. In order to assure equitable treatment for each range of ports referred to in the preceding sentence, not less than 10 percent of the funds appropriated for construction-differential subsidy and operating-differential subsidy pursuant to this Act or any law authorizing funds for the purposes of this Act shall be allocated to each such port range: Provided, however, That such allocation shall apply to the extent that subsidy contracts are approved by the Secretary of Transportation. For the purposes of this section and section 211(a), the Secretary shall establish trade routes, services, or lines that take into account the seasonal closure of the Saint Lawrence Seaway and provide for alternate routing of ships via a different range of ports during that closure so as to maintain continuity of service on a year-round basis. For the purposes of section 605(c), such an alternate routing via a different range of ports shall be deemed to be service from Great Lakes ports, provided such alternative routing is based upon receipt or delivery of cargo at Great Lakes-Saint Lawrence Seaway ports under through intermodal bills of lading. The Secretary shall include in the annual report pursuant to section 208 of this Act a detailed report (1) describing the actions that have been taken pursuant to this Act to assure insofar as possible that direct and adequate service is provided by United States-flag commercial vessels to each range of ports referred to in this section; and (2) including any recommendations for additional legislation that may be necessary to achieve the purpose of this section. In awarding contracts under this Act, preference shall be given to persons who are citizens of the United States and who have the support, financial and otherwise, of the domestic communities primarily interested.

(b) There shall be established and maintained within the Maritime Administration such regional offices as may be necessary, including, but not limited to, one such office for each of the four port ranges specified in subsection (a) of this section. The Secretary of Transportation shall appoint a qualified individual to be the Director of each such regional office and shall carry out appropriate functions, activities, and programs of the Maritime Administration through such regional offices.

SEC. 810. AGREEMENTS WITH OTHER CARRIERS FORBIDDEN; WITHHOLDING SUBSIDIES; ACTIONS BY INJURED PERSONS FOR DAMAGES (46 App. U.S.C. 1227 (2002)). It shall be unlawful for any contractor receiving an operating-differential subsidy under title VI or for any charterer of ves-

sels under title VII of this Act, to continue as a party to or to conform to any agreement with another carrier or carriers by water, or to engage in any practice in concert with another carrier or carriers by water, which is unjustly discriminatory or unfair to any other citizen of the United States who operates a common carrier by water exclusively employing vessels registered under the laws of the United States on any established trade route from and to a United States port or ports.

No payment or subsidy of any kind shall be paid directly or indirectly out of funds of the United States or any agency of the United States to any contractor or charterer who shall violate this section. Any person who shall be injured in his business or property by reason of anything forbidden by this section may sue therefor in any district court of the United States in which the defendant resides or is found or has an agent, without respect to the amount in controversy, and shall recover threefold the damages by him sustained, and the cost of suit, including a reasonable attorney's fee.

Any officer or employce of the United States traveling on official business overseas or to or from any of the possessions of the United States shall travel and transport his personal effects on ships registered under the laws of the United States where such ships are available unless the necessity of his mission requires the use of a ship under a foreign flag. (b) **Cargoes Procured, Furnished or Financed by United States; Waiver in Emergencies; Exceptions; Definition.**

FINDINGS AND DECLARATIONS WITH RESPECT TO EXPORT TRANSPORTATION OF AGRICULTURAL COMMODITIES (46 App. U.S.C. 1241d (2002)).⁴⁰

(a) The Congress finds and declares—

(1) that a productive and healthy agricultural industry and a strong and active United States maritime industry are vitally important to the economic well-being and national security objectives of our Nation;

(2) that both industries must compete in international markets increasingly dominated by foreign trade barriers and the subsidization practices of foreign governments; and

(3) that increased agricultural exports and the utilization of United States merchant vessels contribute positively to the United States balance of trade and generate employment opportunities in the United States.

(b) It is therefore declared to be the purpose and policy of the Congress in this subtitle—

(1) to enable the Department of Agriculture to plan its export programs effectively, by clarifying the ocean transportation requirements applicable to such programs;

(2) to take immediate and positive steps to promote the growth of the cargo carrying capacity of the United States merchant marine;

(3) to expand international trade in United States agricultural commodities and products and to develop, maintain, and expand markets for United States agricultural exports;

⁴⁰ Enacted as section 1141 of Title XI, subtitle C, of Public Law 99-198, approved December 23, 1985 (99 STAT. 1490), and not as part of the Merchant Marine Act, 1936.

The Conference Report (H. Rpt. 107-23) enacted as Public Law 107-67, approved November 12, 2001 (115 STAT. 514), the Treasury and General Government Appropriations Act, 2002, provides at page 61: "International Food Assistance. The House bill contained a provision based upon concerns of the proper role for the Office of Management and Budget in the administration of international food assistance programs. In lieu of the House bill language, the conferees direct the Office of Management and Budget to work closely with USDA and AID, as well as other appropriate Federal departments and agencies, with the expectations that agencies will work together to standardize eligibility standards and deadlines for aid; define program goals with measurable standards of performance; ensure that performance is appropriately measured and evaluated; and fully utilize all Federal expertise to ensure that the best possible assistance is being provided to the private voluntary organizations operating the programs. The Office of Management and Budget is also expected to keep the Committees on Appropriations fully apprised of on-going action with respect to this multi-agency effort."

(4) to improve the efficiency of administration of both the commodity purchasing and selling and the ocean transportation activities associated with export programs sponsored by the Department of Agriculture;

(5) to stimulate and promote both the agricultural and maritime industries of the United States and encourage cooperative efforts by both industries to address their common problems; and

(6) to provide in the Merchant Marine Act, 1936, for the appropriate disposition of these findings and purposes.

SEC. 901a. EXEMPTION OF CERTAIN AGRICULTURAL EXPORTS FROM REQUIREMENTS OF CARGO PREFERENCE LAWS (46 App. U.S.C. 1241e (2002)).

The requirements of section 901(b)(1) of this Act and the Joint Resolution of March 26, 1934 (46 U.S.C. App. 1241-1), shall not apply to any export activities of the Secretary of Agriculture or the Commodity Credit Corporation—

(1) under which agricultural commodities or the products thereof acquired by the Commodity Credit Corporation are made available to United States exporters, users, processors, or foreign purchasers for the purpose of developing, maintaining, or expanding export markets for United States agricultural commodities or the products thereof at prevailing world market prices;

(2) under which payments are made available to United States exporters, users, or processors or, except as provided in section 901b, cash grants are made available to foreign purchasers, for the purpose described in paragraph (1);

(3) under which commercial credit guarantees are blended with direct credits from the Commodity Credit Corporation to reduce the effective rate of interest on export sales of United States agricultural commodities or the products thereof;

(4) under which credit or credit guarantees for not to exceed 3 years are extended by the Commodity Credit Corporation to finance or guarantee export sales of United States agricultural commodities or the products thereof; or

(5) under which agricultural commodities or the products thereof owned or controlled by or under loan from the Commodity Credit Corporation are exchanged or bartered for materials, goods, equipment, or services, but only if such materials, goods, equipment, or services are of a value at least equivalent to the value of the agricultural commodities or products exchanged or bartered therefor (determined on the basis of prevailing world market prices at the time of the exchange or barter), but nothing in this subsection shall be construed to exempt from the cargo preference provisions referred to in section 901b any requirement otherwise applicable to the materials, goods, equipment, or services imported under any such transaction.

SEC. 901b. SHIPMENT REQUIREMENTS FOR CERTAIN EXPORTS SPONSORED BY DEPARTMENT OF AGRICULTURE (46 App. U.S.C. 1241f (2002)).

(a) Minimum Requirement Respecting Gross Tonnage Transported in United States-flag Commercial Vessels; Implementation.

(1) In addition to the requirement for United States-flag carriage of a percentage of gross tonnage imposed by section 901(b)(1) of this Act, 25 percent of the gross tonnage of agricultural commodities or the products thereof specified in subsection (b) shall be transported on United States-flag commercial vessels.

(2) In order to achieve an orderly and efficient implementation of the requirement of paragraph (1)—

(A) an additional quantity equal to 10 percent of the gross tonnage referred to in paragraph (1) shall be transported in United States-flag vessels in calendar year 1986;

(B) an additional quantity equal to 20 percent of the gross tonnage shall be transported in such vessels in calendar year 1987; and

(C) an additional quantity equal to 25 percent of the gross tonnage shall be transported in such vessels in calendar year 1988 and in each calendar year thereafter.

(b) Covered Export Activity. This section shall apply to any export activity of the Commodity Credit Corporation or the Secretary of Agriculture—

(1) carried out under the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1691 et seq.);

(2) carried out under section 416 of the Agricultural Act of 1949 (7 U.S.C. 1431);

(3) carried out under the Bill Emerson Humanitarian Trust Act (7 U.S.C. 1736f-1);

(4) under which agricultural commodities or the products thereof are—

(A) donated through foreign governments or agencies, private or public, including intergovernmental organizations; or

(B) sold for foreign currencies or for dollars on credit terms of more than ten years;

(5) under which agricultural commodities or the products thereof are made available for emergency food relief at less than prevailing world market prices;

(6) under which a cash grant is made directly or through an intermediary to a foreign purchaser for the purpose of enabling the purchaser to obtain United States agricultural commodities or the products thereof in an amount greater than the difference between the prevailing world market price and the United States market price, free along side vessel at United States port; or

(7) under which agricultural commodities owned or controlled by or under loan from the Commodity Credit Corporation are exchanged or bartered for materials, goods, equipment, or services produced in foreign countries, other than export activities described in section 901a(5).

(c) **Terms and Conditions.**

(1) The requirement for United States-flag transportation imposed by subsection (a) shall be subject to the same terms and conditions as provided in section 901(b) of this Act.

(2) In order to provide for effective and equitable administration of the cargo preference laws the calendar year for the purpose of compliance with minimum percentage requirements shall be for 12 month periods commencing April 1, 1986.

(3)(A)⁴¹ Subject to subparagraph (B), in administering sections 901(b) and 901b (46 U.S.C. App. 1241(b) and 1241f), and, subject to subparagraph (B) of this paragraph, consistent with those sections, the Commodity Credit Corporation shall take such steps as may be necessary and practicable without detriment to any port range to allocate, on the principle of lowest landed cost without regard to the country of documentation of the vessel, 25 percent of the bagged, processed, or fortified commodities furnished pursuant to title II of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1751 et seq.).

(B) In carrying out this paragraph, there shall first be calculated the allocation of 100 percent of the quantity to be procured on an overall lowest landed cost basis without regard to the country of documentation of the vessel and there shall be allocated to the Great Lakes port range any cargoes for which it has the lowest landed cost under that calculation. The requirements for United States-flag transportation under section 901(b) and this section shall not apply to commodities allocated under subparagraph (A) to the Great Lakes port range, and commodities allocated under subparagraph (A) to that port range may

⁴¹Note that the term "Great Lakes ports" is defined in 7 C.F. R. 1496.5(f), as follows: "(f) Great Lakes ports. (1) Commodities offered for delivery 'free alongside ship' (f.a.s.) Great Lakes port range or intermodal bridge-port Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on that basis. Such offers will not be reevaluated on a lowest landed cost U.S.-flag basis unless CCC determines that 25 percent of the total annual tonnage of bagged, processed or fortified commodities furnished under Title II of Public Law 480 has been, or will be, transported from the Great Lakes port range during that fiscal year.

"(2) CCC will consider commodity offers as offers for delivery 'intermodal bridge-port Great Lakes port range' only if:

"(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going vessels at a Great Lakes port, as well as loading ocean going conveyances such as barges and container vans, and

"(ii) The commodities will be moved from one transportation conveyance to another at such a facility."

not be reallocated or diverted to another port range to meet those requirements to the extent that the total tonnage of commodities to which subparagraph (A) applies that is furnished and transported from the Great Lakes port range is less than 25 percent of the total annual tonnage of such commodities furnished.

(C) In awarding any contract for the transportation by vessel of commodities from the Great Lakes port range pursuant to an export activity referred to in subsection (b), each agency or instrumentality—

(i) shall consider expressions of freight interest for any vessel from a vessel operator who meets reasonable requirements for financial and operational integrity; and

(ii) may not deny award of the contract to a person based on the type of vessel on which the transportation would be provided (including on the basis that the transportation would not be provided on a liner vessel (as that term is used in the Shipping Act of 1984, as in effect on November 14, 1995)), if the person otherwise satisfies reasonable requirements for financial and operational integrity.

(4) Any determination of nonavailability of United States-flag vessels resulting from the application of this subsection shall not reduce the gross tonnage of commodities required by sections 901(b) and 901b to be transported on United States-flag vessels.

(d) **“Export Activity” Defined.** As used in subsection (b), the term “export activity” does not include inspection or weighing activities, other activities carried out for health or safety purposes, or technical assistance provided in the handling of commercial transactions.

(e) **Prevailing World Market Price.**

(1) The prevailing world market price as to agricultural commodities or the products thereof shall be determined under sections 901a through 901d in accordance with procedures established by the Secretary of Agriculture. The Secretary shall prescribe such procedures by regulation, with notice and opportunity for public comment, pursuant to section 553 of title 5, United States Code.

(2) In the event that a determination of the prevailing world market price of any other type of materials, goods, equipment, or service is required in order to determine whether a barter or exchange transaction is subject to subsection (b)(6) or (b)(7), such determination shall be made by the Secretary of Agriculture in consultation with the heads of other appropriate Federal agencies.

SEC. 901c. MINIMUM TONNAGE (46 App. U.S.C. 1241g (2002)).

(a)(1) For fiscal year 1986 and each fiscal year thereafter, the minimum quantity of agricultural commodities to be exported under programs subject to section 901b shall be the average of the tonnage exported under such programs during the base period defined in subsection (b), discarding the high and low years.

(2) The President may waive the minimum quantity for any fiscal year required under paragraph (1) if he determines and reports to the Congress, together with his reasons, that such quantity cannot be effectively used for the purposes of such programs or, based on a certification by the Secretary of Agriculture, that the commodities are not available for reasons which include the unavailability of funds.

(b) The base period utilized for computing the minimum tonnage quantity referred to in subsection (a) for any fiscal year shall be the five fiscal years beginning with the sixth fiscal year preceding such fiscal year and ending with the second fiscal year preceding such fiscal year.

SEC. 901d. FINANCING OF SHIPMENT OF AGRICULTURAL COMMODITIES IN UNITED STATES-FLAG VESSELS (46 APP. U.S.C. 1241h (2002)).

(a) **Financing by Secretary of Transportation of Increased Ocean Freight Charges.** The Secretary of Transportation shall finance any increased ocean freight charges incurred in any fiscal year which result from the application of section 901b.

(b) **Reimbursement of Secretary of Agriculture and Commodity Credit Corporation; Computations.**⁴² If in any fiscal year the total cost of ocean freight and ocean freight differential for which obligations are incurred by the Department of Agriculture and the Commodity Credit Corporation on exports of agricultural commodities and products thereof under the agricultural export programs specified in section 901b(b) exceeds 20 percent of the value of such commodities and products and the cost of such ocean freight and ocean freight differential on which obligations are incurred by such Department and Corporation during such year, the Secretary of Transportation shall reimburse the Department of Agriculture and the Commodity Credit Corporation for the amount of such excess. For the purpose of this subsection, commodities shipped from the inventory of the Commodity Credit Corporation shall be valued as provided in section 403(b) of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1733(b)).⁴³

⁴² Funds for ocean freight differential are appropriated in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Acts.

⁴³ Note that Section 1(a) of Public Law 106-387, approved October 28, 2000 (114 STAT. 1549), the Agriculture Appropriations Act for fiscal year 2001, amended 7 U.S.C. 1736f(d) to read as follows:

(d) Value of commodities. Notwithstanding any other provision of law, in determining the reimbursement due the Commodity Credit Corporation for all expenses incurred under this Act, commodities from the inventory of the Commodity Credit Corporation that were acquired under dairy price support operations shall be valued at a price not greater than the export market price for such commodities, as determined by the Secretary, as of the time such commodity is made available under this Act.

(c) **Issuance, etc., of Obligations for Financing.** For the purpose of meeting those expenses required to be assumed under subsections (a) and (b), the Secretary of Transportation shall issue to the Secretary of the Treasury such obligations in such forms and denominations, bearing such maturities and subject to such terms and conditions, as may be prescribed by the Secretary of Transportation with the approval of the Secretary of the Treasury. Such obligations shall be at a rate of interest as determined by the Secretary of the Treasury, taking into consideration the average market yield on outstanding marketable obligations of the United States with remaining periods of maturity comparable to the average maturities of such obligations during the month preceding the issuance of such obligations of the Secretary of Transportation. The Secretary of the Treasury shall purchase any obligations of the Secretary of Transportation issued under this subsection and, for the purpose of purchasing such obligations, the Secretary of the Treasury may use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, United States Code, after the date of the enactment of this Act and the purposes for which securities may be issued under such chapter are extended to include any purchase of the obligations of the Secretary of Transportation under this subsection. All redemptions and purchases by the Secretary of the Treasury of the obligations of the Secretary of Transportation shall be treated as public-debt transactions of the United States.

(d) **Authorization of Appropriations.** There is authorized to be appropriated annually for each fiscal year, commencing with the fiscal year beginning October 1, 1986, an amount sufficient to reimburse the Secretary of Transportation for the costs, including administrative expenses and the principal and interest due on the obligations to the Secretary of the Treasury incurred under this section. Reimbursement of any such costs shall be made with appropriated funds, as provided in this section, rather than through cancellation of notes.⁴⁴

(e) **Notification of Congress Respecting Failure to Obtain Funds Necessary for Financing.** Notwithstanding the provisions of this section, in the event that the Secretary of Transportation is unable to obtain the funds necessary to finance the increased ocean freight charges resulting from the requirements of subsections (a) and (b) and section 901b(a), the Secretary of Transportation shall so notify the Congress within 10 working days of the discovery of such insufficiency.

⁴⁴ Public Law 100-202, approved December 22, 1987 (101 STAT. 1329-27), Making Continuing Appropriations for the fiscal year 1988, and for other purposes, provides: "Such sums as may be necessary for fiscal year 1988 and thereafter are hereby appropriated to liquidate debt and pay interest due to the Secretary of the Treasury, as required by section 901d, Merchant Marine Act, 1936."

SEC. 901e. AUTHORIZATION OF APPROPRIATIONS (46 App. U.S.C. 1241i (2002)). There are authorized to be appropriated such sums as may be necessary to carry out the provisions of sections 901a through 901k.

SEC. 901f. TERMINATION OF SECTIONS 901a THROUGH 901k (46 App. U.S.C. 1241j (2002)). The operation of sections 901a through 901k shall terminate 90 days after the date on which a notification is made pursuant to section 901d(e), except with respect to shipments of agricultural commodities and products subject to contracts entered into before the expiration of such 90-day period, unless within such 90-day period the Secretary of Transportation proclaims that funds are available to finance increased freight charges resulting from the requirements of sections 901b(a) and 901d(a) and (b). In the event of termination under this section, nothing in sections 901a through 901d shall be construed as exempting export activities from or subjecting export activities to the cargo preference laws except to the extent those activities are exempt under section 4(b) of Public Law 95-501 (7 U.S.C. 1707a(b)). In the event of termination under this section, the 50 percent requirement in section 901(b) of the Merchant Marine Act, 1936 shall be in full effect.

SEC. 901g. NATIONAL ADVISORY COMMISSION ON AGRICULTURAL EXPORT TRANSPORTATION POLICY (46 App. U.S.C. 1241k (2002)).

(a) **Establishment.** There is hereby established an advisory commission to be known as the National Advisory Commission on Agricultural Export Transportation Policy (hereafter in this section through section 901j referred to as the "Commission").

(b) **Membership; Composition, Appointment, etc.**

(1) The Commission shall be composed of 16 members.

(2) Eight members of the Commission shall be appointed by the President.

(3) The chairman and ranking minority members of the Senate Committee on Agriculture, Nutrition, and Forestry, of the Subcommittee on Merchant Marine of the Senate Committee on Commerce, Science, and Transportation, of the House Committee on Agriculture, and of the House Committee on Transportation and Infrastructure shall serve as members of the Commission.

(4)(A) Four of the members appointed by the President shall be representatives of agricultural producers, cooperatives, merchandisers, and processors of agricultural commodities.

(B) The remaining four members appointed by the President shall be representatives of the United States-flag maritime industry, two of whom shall represent labor and two of whom shall represent management.

(c) **Chairman; Vacancy.**

(1) The members of the Commission shall elect a Chairman from among its members.

(2) Any vacancy in the Commission does not affect its powers but shall be filled in the same manner in which the original appointment was made.

SEC. 901h. DUTIES OF COMMISSION (46 App. U.S.C. 12411 (2002)).

(a) **Study and Review of Ocean Transportation of Agricultural Exports Subject to Cargo Preference Laws; Recommendations, Scope, etc.** It shall be the duty of the Commission to conduct a comprehensive study and review of the ocean transportation of agricultural exports subject to the cargo preference laws referred to in section 901b and to make recommendations to the President and the Congress for improving the efficiency of such transportation on United States-flag vessels in order to reduce the costs incurred by the United States in connection with such transportation. In carrying out such study and review, the Commission shall consider the extent to which any unfair or discriminatory practices of foreign governments increase the cost to the United States of transporting agricultural commodities subject to such cargo preference laws.

(b) **Reporting Requirements; Termination of Commission.**

(1) The Commission shall submit an interim report to the President and the Congress not later than one year after the date of the enactment of this subtitle and such other interim reports as the Commission considers advisable.

(2) The Commission shall submit a final report containing its findings and recommendations to the President and the Congress not later than two years after the date of the enactment of this subtitle. The report shall include recommendations for any changes in the provisions of paragraph (1) that would help assure that the cost of ocean freight and ocean freight differential incurred by the Department of Agriculture and the Commodity Credit Corporation on the agricultural export programs specified in section 901b, is not increased above historical levels as a result of the extra demand for United States-flag vessels caused by section 901b. (3) Sixty days after the submission of the final report, the Commission shall cease to exist.

(c) **Contents of Reports.** The Commission shall include in its reports submitted pursuant to subsection (b) recommendations concern-

ing the feasibility and desirability of achieving the following goals with respect to the ocean transportation of agricultural commodities subject to the cargo preference laws referred to in section 901b:

- (1) Ensuring that the timing of commodity purchase agreements entered into by the United States in connection with the export of such commodities, and the methods of implementing such agreements, will minimize cost to the United States.
- (2) Ensuring that shipments of such commodities are made on the most modern and efficient United States-flag vessels available.
- (3) Ensuring that shipments of such commodities are made under the most advantageous terms available, including—
 - (A) charters for full shiploads;
 - (B) charters for intermediate or long term;
 - (C) charters for consecutive voyages and contracts of affreightment; and
 - (D) adjustment of rates in the event that vessels used for shipments of such commodities also carry cargoes on return voyages.
- (4) Reduction and elimination of impediments, including delays in port, to the efficient loading and operating of the vessels employed for shipment of such commodities.
- (5) Utilization of open and competitive bidding for the ocean transportation of such commodities.

⁴⁵ Enacted as section 1143 of Public Law 99-198, approved December 23, 1985 (99 STAT. 1496), and not as part of the Merchant Marine Act, 1936. Applies to 46 App. U.S.C. 1241d, et seq.

⁴⁶ For the purposes of section 902(a), World War II and the national emergencies of September 8, 1939 and May 27, 1941 were terminated by Public Law 80-239, approved July 25, 1947 (61 STAT. 449). The President, on December 16, 1950, issued a Proclamation of National Emergency (15 F.R. 9029). Note the effect of Public Law 94-412, approved September 14, 1976 (90 STAT. 1255), the National Emergencies Act, page 513, *infra*, on existing and future declarations of a national emergency.

⁴⁷ "Citizens of the United States" is defined in Section 905(c) of the Merchant Marine Act, 1936. Section 905(c) makes reference to Section 2 of the Shipping Act, 1916. Section 2 (followed by provisions of law that affect Section 2 citizenship) is located at page 181 *infra*.

is taken and used under authority of this section, but the ownership thereof is not required by the United States, such property shall be restored to the owner in a condition at least as good as when taken, less ordinary wear and tear, or the owner shall be paid an amount for reconditioning sufficient to place the property in such condition. The owner shall not be paid for any consequential damages arising from a taking or use of property under authority of this section.

(b) **Determination of Value of Vessel.** When any vessel is taken or used under authority of this section, upon which vessel a construction-differential subsidy has been allowed and paid, the value of the vessel at the time of its taking shall be determined as provided in section 802 of this Act, and in determining the value of any vessel taken or used, on which a construction-differential subsidy has not been paid, the value of any national defense features previously paid for by the United States shall be excluded.

(c) **Charter of Vessels; Compensation; Reimbursement for Loss or Damage.** If any property is taken and used under authority of this section, but the ownership thereof is not required by the United States, the Secretary of Transportation, at the time of the taking or as soon thereafter as the exigencies of the situation may permit, shall transmit to the person entitled to the possession of such property a charter setting forth the terms which, in the Secretary's judgment, should govern the relationships between the United States and such person and a statement of the rate of hire which, in the Secretary's judgment, will be just compensation for the use of such property and for the services required under the terms of such charter. If such person does not execute and deliver such charter and accept such rate of hire, the Secretary of Transportation shall pay to such person as a tentative advance only, on account of such just compensation a sum equal to 75 per centum of such rate of hire as the same may from time to time be due under the terms of the charter so tendered, and such person shall be entitled to sue the United States in a court having jurisdiction of such claims to recover such amounts as would be equal to just compensation for the use of the property and for the services required in connection with such use: Provided, however, That in the event of an election by such person to reject the rate of hire fixed by the Secretary of Transportation and to sue in the courts, the excess of any amounts advanced on account of just compensation over the amount of the court judgment will be required to be refunded. In the event of loss or damage to such property, due to operation of a risk assumed by the United States under the terms of a charter prescribed in this subsection, but no valuation of such vessel or other property or mode of compensation has been agreed to, the United States shall pay just compensation for such loss or damage, to the extent the person entitled thereto is not reimbursed therefor through policies of insurance against such loss or damage.

(d) **Determination of Amount of Compensation.** In all cases, the just compensation authorized by this section shall be determined and paid by the Secretary of Transportation as soon as practicable, but if the amount of just compensation determined by the Secretary of Transportation is unsatisfactory to the person entitled thereto, such person shall be paid, as a tentative advance only, 75 per centum of the amount so determined and shall be entitled to sue the United States to recover such amount as would equal just compensation therefor, in the manner provided for by section 24, paragraph 20, and section 145 of the Judicial Code (U. S. C., 1946 edition, title 28, secs. 41 (20) and 250): Provided, however, That in the event of an election to reject the amount determined by the Secretary of Transportation and to sue in the courts, the excess of any amounts advanced on account of just compensation over the amount of the court judgment will be required to be refunded.

The existence of any valid claim by way of mortgage or maritime claim or attachment lien upon such vessel shall not prevent the taking thereof pursuant to this section: Provided, however, That in the event any such claim exists the Secretary of Transportation may in his discretion deposit such portion of the compensation hereunder, or advances on account thereof, as may equal but not exceed the amount of such claims in respect of the vessel, with the Treasurer of the United States, and the fund so deposited shall be available for the payment of such compensation, and shall be subject to be applied to the payment of the amount of any valid claim by way of mortgage or maritime lien or attachment lien upon such vessel, or of any stipulation therefor in a court of the United States, or of any State, subsisting at the time of such requisition or taking of title or possession; the holder of any such claim may commence prior to June 30, 1943, or within six months after the first such deposit with the Treasurer and publication of notice thereof in the Federal Register, whichever date is later, and maintain in the United States district court from whose custody such vessel has been or may be taken or in whose territorial jurisdiction the vessel was lying at the time of requisitioning or taking of title or possession, a suit in admiralty according to the principles of libels in rem against the fund, which shall proceed and be heard and determined according to the principles of law and to the rules of practice obtaining in like cases between private parties, and any decree in said suit shall be paid out of the first and all subsequent deposits of compensation; and such suit shall be commenced in the manner provided by section 2 of the Suits in Admiralty Act and service of process shall be made in the manner therein provided by service upon the United States attorney and by mailing by registered mail to the Attorney General and the Secretary of Transportation and due notice shall under order of the court be given to all interested persons, and any decree shall be subject to appeal and revision as now provided in other cases of admiralty and maritime jurisdiction.

(e) **Use of Vessel by Secretary; Transfer to Other Departments or Agencies; Reimbursement of Secretary.** The Secretary of Transportation is authorized to repair, recondition, reconstruct, and operate, or charter for operation, any property acquired under authority of this section. The Secretary of Transportation is further authorized to transfer the possession or control of any such property to any department or agency of the Government of the United States upon such terms and conditions as may be approved by the President. In case of any such transfer the department or agency to which the transfer is made shall promptly reimburse the Secretary of Transportation for the Department of Transportation's expenditures on account of just compensation, purchase price, repairs, reconditioning, reconstruction, or charter hire for the property transferred. Such reimbursements shall be deposited in the construction fund established by section 206 of this Act.
